

LHCb Technical Award 2023

Committee: Jean-Pierre Cachemiche, Paula Collins,
Niko Neufeld, Eric Thomas (chair), Uli Uwer

LHCb Technical Award recognizes for individuals or small teams:

[Technical Award](#) Proposal (Committee) endorsed by CB on 2/12/2022 (24/02/2023).

- An outstanding contribution to the R&D of LHCb
- An outstanding contribution to construction or installation work of LHCb systems
- An outstanding contribution to the operation of LHCb

LHCb Technical Award

[Technical Award Proposal](#) endorsed by CB on 02/12/2022

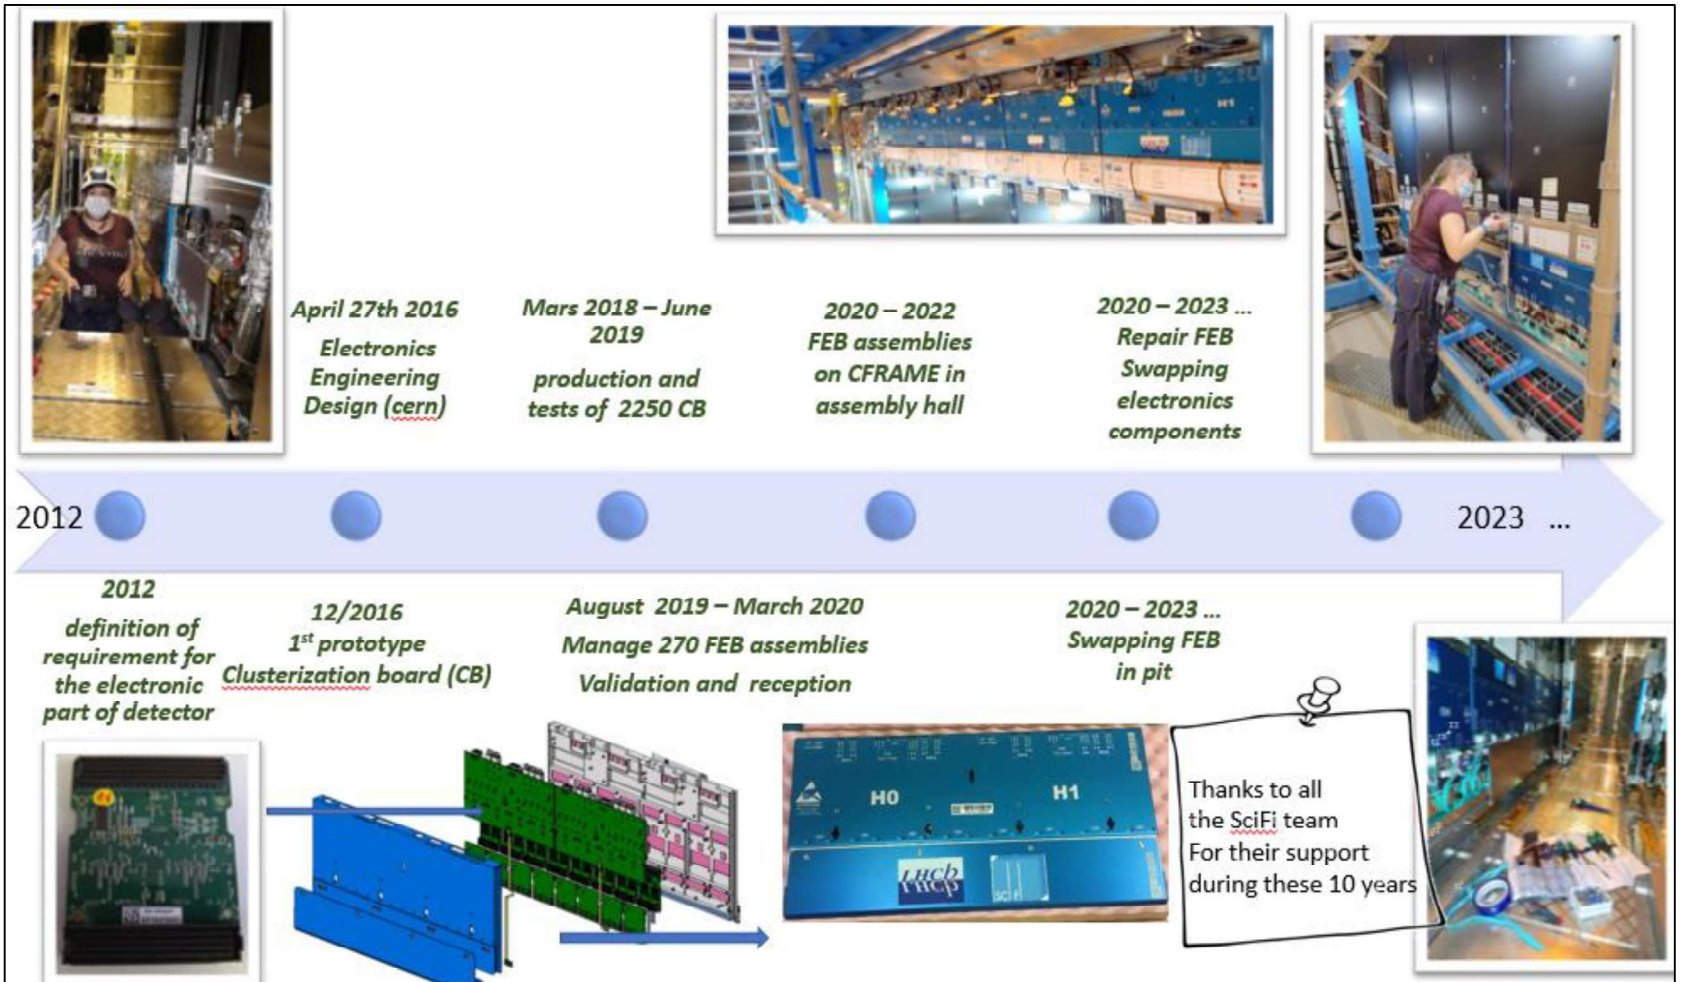

Technical Award Committee endorsed by CB on 24/02/2023

- First of its kind
- 20 nominees, all of very high quality and profile
- 12 awards
- Keep applying!

Magali
Magne
(LPC)

For her
outstanding
contribution to
the R&D,
construction,
and installation
of the SciFi
detector

SciFi Clusterization Board design and FEB assembly

Christophe
Insa (LPC)

For his
outstanding
contribution to
the R&D,
construction, and
installation of the
SciFi detector

SciFi Readout Electronic Box mechanics and Cooling

Christophe INSA
Mechanical Engineer

SciFi ReadOut Electronics Box
mechanics & cooling

2015 On-detector cooling water system design

2016 RO Elec. mechanics & cooling

2017 On-detector cooling water system installation

2018 RO Elec. cooling tests

2019 RO Elec. Box prod. & assembly

2020 RO Elec. cooling commissioning

2021 RO Elec. Box installation

2022 Demin water piping in cavern

Nothing done without precious help from NIKHEF, CERN, Heidelberg & EPFL staff

Special thank to : R.Walet, A.Pellegrino, A.Sciuccati, A.Saputi, S.Jakobsen, C.Joram, P.Perret, M.Magne, R.Gonzalez, F.Bernard, T.Mittelstaedt, U.Uwer, B.Leverington
